cactus

Given this plant's well-documented ability to retain water under the driest possible circumstances, it only makes sense that its extract would be moisturizing. But beyond its amazing hydrating properties—brilliant for both skin and hair—the spongy material deep within many cacti has now been shown to be anti-inflammatory, making it perfect for treating everything from minor wounds to bug bites to sunburn. —Dawn Spinner

hand wash

**CALIFORNIA BABY NO FRAGRANCE
MOISTURIZING HANDWASH** Completely
natural, this kills germs with tea tree and lemon
oils—and it's free of allergens like nut oils
and gluten. \$20, CALFORNIABABY.COM
