OR THIS 18-YEAR J.CREW VETERAN, THERE'S NO PLACE like Turks and Caicos to unwind with her two-year-old son, Beckett, and husband, artist Vincent Mazeau. It comes as no surprise that Lyons packs a lot of J.Crew—she designs with her lifestyle in mind. Here, her vacation bag must-haves. **1** & **7** “The sherbet colors of these jacquard **pants** and gauzy **cover-up** are part of my new J.Crew collection, which was inspired by the pale-hued houses in Turks and Caicos.” **2** “I never have time to read, except on the beach—right now, the **book** I'm carrying is *In an Instant* by Lee and Bob Woodruff.” **3** “We created this raffia **hat** to collapse for easy packing.” **4** “My everyday **watch**: a Rolex gold-band Oyster bracelet.” **5** “I'm drawn to things that are timeless, like these Marni **sunglasses**.” **6** “Our **garment bag** comes in bright colors and makes me happy when I'm on the road.” **8** “I slather California Baby **sunscreen** all over myself and Beckett—it never washes off.” **9** “The jersey Lomellina **bikini** uses a thick rubber strip rather than elastic in its waistband, so you can avoid the dreaded ‘muffin top’ effect.” **10** “Metallic-gold J.Crew **sandals** are a great summer neutral.” **11** “Nothing sets off a light tan better than pink Bobbi Brown **lip gloss**.” **12** “It's meant for under your eyes, but I put Kiehl's **eye cream** on my entire face, especially during a long flight.” —CLARK MITCHELL +
